**ONLINE EHRC RALLYGUIDE RALLY WEIZ 2023**  
**FREE INFORMATIONS & MAPS**

## Dear EHRC teams participating in the Rally Weiz 2023!

With this document we want to give you an overview of the most important information, route maps, etc. for the Rally Weiz. The status of the document and the information contained therein was created to the best of our knowledge, based on the current status. It is possible that there may be minor changes to details before the event. In general, we refer to the „Supplementary Regulations“ for the event as well as to the applicable general regulations of the FIA and/or AMF.

**This document is for informational purposes only, to help teams to prepare for the rally.** In particular, we refer to the additional remote service zones, which are intended exclusively for participants of the FIA EHRC.

**We wish all participants a safe journey to the rally and a successful participation at the Rally Weiz!**

## Sehr geehrte teilnehmende Teams an der Rallye Weiz!

Mit dieser Unterlage wollen wir Euch einen Überblick über die wichtigsten Informationen, Streckenpläne usw. zur Rallye Weiz geben. Der Stand der Unterlage bzw. der darin enthaltenen Informationen wurde nach besten Wissen, basierend auf dem heute aktuellen Status erstellt. Es ist möglich, dass es bis zur Veranstaltung noch zu kleineren Detailänderungen kommen kann. Generell verweisen wir auf die „Supplementary Regulations“ zur Veranstaltung sowie auf die jeweils gültige Rahmenausschreibung der FIA bzw. AMF..

**Diese Unterlage hat ausschließlich einen informativen Charakter, um den Teams die Vorbereitung auf die Rallye zu erleichtern.** Insbesondere verweisen wir auf die zusätzlichen Remote Service Zonen, die ausschließlich für die Teilnehmer der FIA EHRC vorgesehen sind.

**Wir wünschen allen Teilnehmern eine gute Anreise und eine erfolgreiche Teilnahme an der Rallye Weiz!**

## INFO EHRC REMOTE SERVICE

Refuel only on commercial filling stations

**FRIDAY 14. 7. 2023**

# INFORMATION EHRC HISTORIC REGULATIONS

## 8.1 SERVICE – GENERAL CONDITIONS

All services made on the car for the duration of the rally must be made in accordance with the EHRC Sporting Regulations, Article 56.

## 8.2 PERMITTED SERVICE LOCATIONS

### 8.2.1 Service Park

The Service Park is situated at company Strobl Area, Dr. Karl-Widdmannstraße 100-105, A-8160 Weiz  
GPS coordinates: N47 13.713, E 15 37.107 and will be open to the competitors from:  
Thursday, 14th of July 2022 09:00 till Sunday, 17th of July 2022 09:00

### 8.2.2 Additional Service Zones

Servicing will also be permitted in Remote Service Zones in accordance with EHRC Sporting Regulations Article 60, at the locations indicated in the roadbook as **EHRC REMOTE SERVICE ZONE**.

### 8.2.3 Procedure in Remote Service Zones

The time for servicing in the Remote Service Zones is included in the sector time. None of the Remote Service Zones include a Refuelling Zone. For safety reasons, refuelling is strictly forbidden in the Remote Service Zones.

## 8.3 FUEL RESTRICTIONS

It is mandatory for participants to use fuel in accordance with FIA Appendix K Article 3.9.

## 8.4 REFUELLING

All Competitors may only refuel in a Refuelling Zone (RZ) in a Remote Refuelling Zone RRZ or in a commercial filling station as indicated in the Road Book.

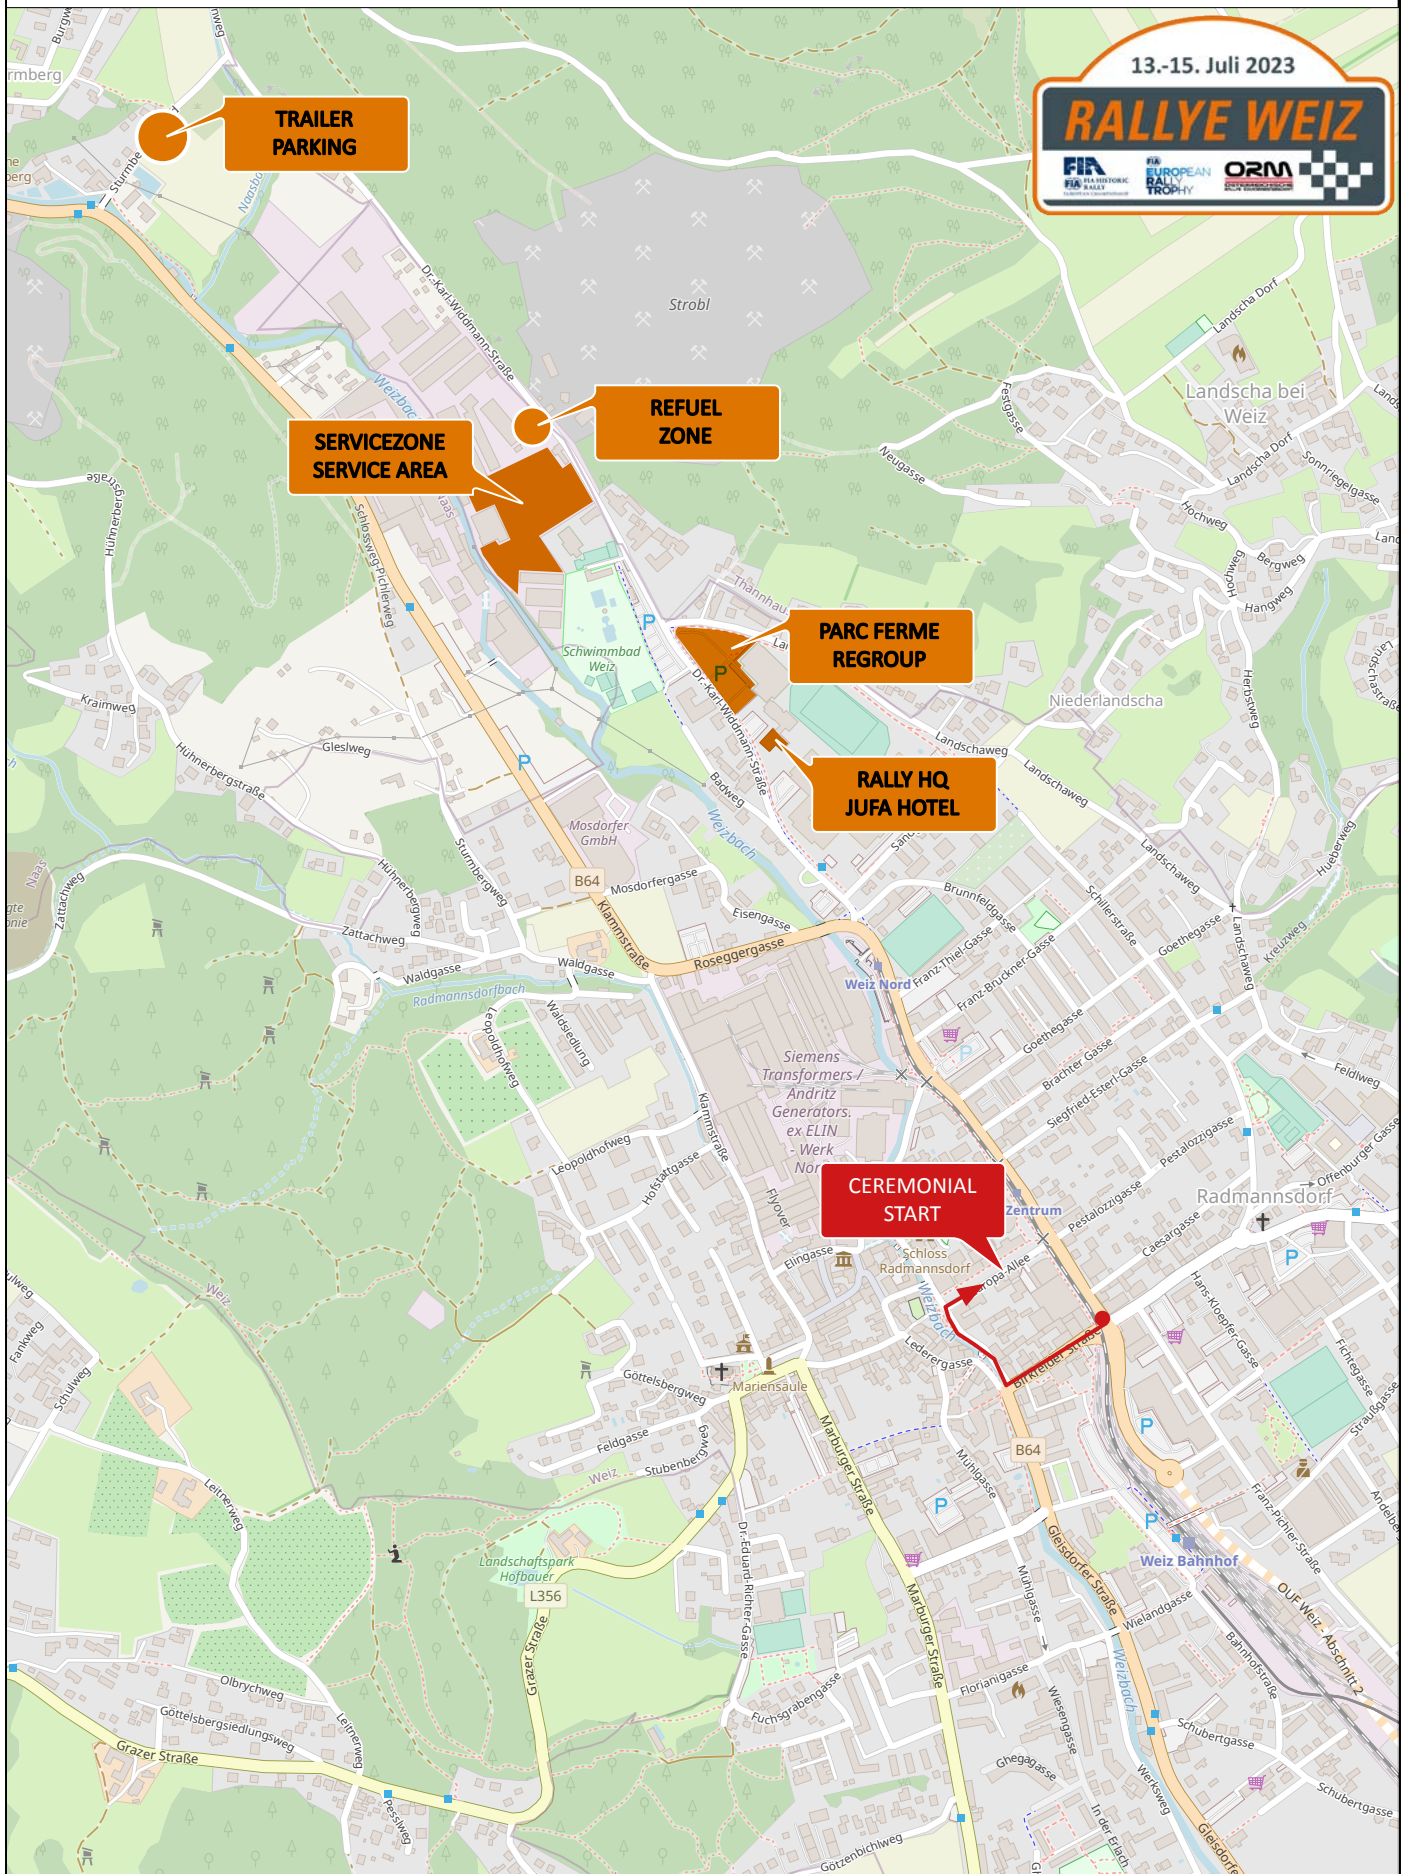

### 8.4.1 All Competitors may only refuel in a Refuelling Zone (RZ) as indicated in the Road Book.

Competitors' cars may be refuelled from drums/cans with commercially available fuel and two team members with team passes may access the RZ to assist each crew. In order to access the refuelling zone, team personnel must wear clothing that provides adequate protection against fire and includes at least: long trousers, long-sleeved top, closed shoes, a balaclava and gloves. The use of the Refuelling zone "SERVICE PARC WEIZ" passing on the rally route is on every time allowed. On all Remote Refuel zones the teams is responsible to protect the ground providing an Environmental Mat which will be composed of an absorbent upper part and an impermeable lower part.

**8.4.2 Refuelling in a commercial filling station:**  **Refuelling in the commercial filling stations indicated in the Roadbook is allowed. Only the crew itself may refill the car from the commercial fuel pump.**

**8.4.3 Refuelling procedure:** The complete refuelling procedure must be in compliance with Article 61.2 of the FIA EHRC Sporting Regulations.

REGROUP after SS 11	20 Minutes	HOLDING ZONE after SS13	ca. 20 Minutes

**STAGES FRIDAY**  
**STAGES SATURDAY**

# RECOMMENDED ORDER OF RECCE

To save time we recommended following recce ordering.

The first two passages to write and control first.

The third passage to check the notes

You can combine two or three stages in a recce block see recommended Blocks.

## !! NOTE THE SPECIAL STAGES ARE NOT CLOSED FOR RECCE !!

Therefore, individual traffic and especially oncoming traffic is to be expected at any time. Parts of special stages will also be driven several times as different stages. This concerns the circuit Special Stages Anger and Anger Sprint. **On the special stage Thannhausen is at the beginning of the Stage (0,0 - 1,76 km) at the same track the final part of the Anger Stages from Friday in the opposite direction, here we ask for special caution**

### DON'T DRIVE AT RECCE ALL STAGES OR PARTS IN OPPOSITE DIRECTION

**9.4.3 Direction** Each crew may drive the Special Stages only in the direction of the rally. The crews must always enter and leave the Special Stages through the start and stop controls.

# RECCE & GPS CONTROLLING INFO

## APPENDIX 2. RECONNAISSANCE SCHEDULE

**Each crew is limited to 3 passages on each Special Stage.**

**Special Stages run twice are considered to be one Special Stage.**

**The recce is controlled by GPS monitoring system see supplementary regulations Art. 9**

<b>12.07.2023, 15:00 – 20:00</b>	<b>Special Stages 1-13</b>
<b>13.07.2023, 07:00 – 18:00</b>	<b>Special Stages 1-13</b>
<b>14.07.2023, 07:00 – 12:00</b>	<b>Special Stages 1-13</b>

**9.4 RECONNAISSANCE RULES** The crews are obliged to follow all reconnaissance rules specified in FIA EHRC Sporting Regulations and these Supplementary Regulations.

**9.4.1 Reconnaissance** Reconnaissance will be organised in compliance with art. 35 of FIA EHRC Sporting Regulations and only series production cars conforming to art. 35.1 of FIA EHRC Sporting Regulations must be used.

**9.4.2 Speed limit (Art. 34.2 of FIA EHRC Sporting Regulations):** The maximum speed set for the reconnaissance of the SS is according to the Austrian traffic laws 100 km/h, except for those areas in which there are speed limit signs or in built-up areas 50 km/h or 30 km/h or other limitations marked in the Road Book.

**9.4.3 Direction** Each crew may drive the Special Stages only in the direction of the rally. The crews must always enter and leave the Special Stages through the start and stop controls.

**9.4.4 Restriction of reconnaissance** Any driver, or his co-driver, or any other team member who has entered or intends to enter the rally and who wishes to drive 3 months ahead the rally on any road which is or might be used as a Special Stage in that rally, may only do so after he has obtained written permission from Clerk of the Course. Failure to respect this rule shall result in the driver being reported to the Stewards.

**9.4.5 Number of persons on board** During each passage through a Special Stage, a maximum of 2 persons (the crew) are permitted in the car.

**9.4.7 Illegal reconnaissance** Illegal reconnaissance performed out of the official time schedule or performing more passages than permitted will be reported to the stewards.

**9.4.8 Speeding** Speeding will be penalized according to the Art. 34.2 of FIA EHRC Sporting Regulations. Speeding during reconnaissance will incur a fine applied by the clerk of the course as follows - per km per hour over the speed limit: all drivers EUR 25,00. The fine will be doubled in case of a second offence committed during reconnaissance.

**9.4.9 Radar detection equipment** The fitting or carrying of radar detection equipment during reconnaissance is not permitted. Infringements will be reported to the stewards.

### *Speed checking during the reconnaissance*

During reconnaissance the crew is obliged to follow traffic rules of Austria. Not respecting this rule, especially exceeding the speed limits, will be monitored via ONI® tracking system. This checking doesn't exclude other checks, i.e. police controls according to their standard procedures.

### *ONI® tracking system for reconnaissance*

Tracking system is checking the speed in every moment during the reconnaissance. Every crew will pick up the ONI® recce tracking unit together with roadbook. Installation of the unit and using during reconnaissance is obligatory for all crews during the whole schedule of reconnaissance according to the art. 3 Reconnaissance schedule. For speed checking during the reconnaissance, NCL 21 units are used.

#### **Saturday 15. July 2023**

- on the Start to 2nd Leg
- finish holding zone
- on the podium „GH Strobl“
- finish Parc fermé
- on official notice board  
during the publication of provisional  
results

All cars must comply with the Article 2.1.9 of Appendix K.

- **Competition Numbers**

1 – door panels 2 per car: 65x15cm, St.No. & rally name

2 – rally plate 43 x 21,5 cm (optional on the bonnet)

3 – rear window / side windows high = max. 18 cm

- **Optional Advertising – space reserved for Organiser's advertising**

Position under door panels: (different mutations on both sides) 2 per car: each 50 x 15 cm

Position under rear windows: (different mutations on both sides) 2 per car: each 25 x 15 cm

- **Driver and Co-Driver Names**

The names of the crew plus their national flags must appear on both sides of the wings at the front of the car (max size 10cm x 40cm). Any car failing to comply with this rule shall be subject to a penalty.

**Detailed Graphics see Bulletin 1**

## RELATING TO OVERALLS, HELMETS AND ANY OTHER SAFETY REQUIREMENTS

All competitors are reminded of Appendix L of the FIA International Sporting Code, in particular its Chapter III - Drivers' Equipment.

### **Helmets (Appendix L, Chapter III, Art. 1)**

All crews must wear crash helmets homologated to one of the following FIA standards:

- 8858-2002 or 8858-2010 (Technical List N°41),
- 8859-2015 (Technical List N°49),
- 8860-2004 or 8860-2010 (Technical List N°33), or
- 8860-2018 or 8860-2018-ABP (Technical List N°69)

### **Frontal Head Restraint (FHR, Appendix L, Chapter III, Art. 3)**

All crews must use FIA approved FHR systems homologated to FIA standard 8858.

Approved FHRs, anchorages and tethers are listed in Technical List N° 29.

See also helmet compatibility chart in Appendix L, Chapter III, Art. 3.3.

### **Flame-resistant clothing (Appendix L, Chapter III, Art. 2)**

All drivers and co-drivers must wear overalls as well as gloves (optional for co-drivers), long underwear, a balaclava, socks and shoes homologated to the FIA 8856-2000 standard (Technical List N°27) or 8856-2018 (Technical List N° 74). Please pay special attention to the prescriptions of Art. 2 concerning embroidery and printing on flame-resistant clothing (manufacturer certificates etc.) as well as concerning the correct wearing of the clothing elements! See also Regional Rally Sporting Regulations, Article 53.1.

### **Biometric Devices (Appendix L, Chapter III, Art. 2.1)**

Drivers may wear a device to collect biometric data during racing.

- If the biometric device is integrated into a protective garment homologated to FIA Standard 8856, the garment shall be homologated to FIA Standards 8856 and 8868-2018.
- If the biometric device is a stand-alone device, then the device must be homologated to FIA Standard 8868-2018 only. This device must be worn in addition to the garment homologated to FIA Standard 8856.

### **Wearing of jewellery (Appendix L, Chapter III, Art. 5)**

The wearing of jewellery in the form of body piercing or metal neck chains is prohibited during the competition and may therefore be checked before the start.

#### **RELATED LINKS:**

FIA International Sporting Code and appendices: <https://www.fia.com/regulation/category/123>

FIA Technical Lists: <https://www.fia.com/regulation/category/761>

### General provisions

All competition cars must be obligatorily equipped with the ONI® tracking system. ONI® tracking system will be rented to the competitors. Eventual destruction, non-return or damage of the unit must be paid by the competitor to the organizer in accordance with the applicable price list see Art. 9.2.1.

In case of non-returning GPS tracking system immediately after the event, the fine 200 euro will be imposed to the competitor.

### Distribution of the ONI® tracking system

ONI® tracking system contains following parts:

- **tracking unit with display**
- **tracking unit holder**
- **power supply cable**
- **combined antenna roof**
- **control panel containing:**
  - OK button to cancel the alarm / confirm red flag
  - SOS switch for calling emergency

ONI® tracking system will be installed to every rally car before each event. Detailed information will be published no later than during roadbooks issuing. After arrival to the scrutineering, device administrator will check the install of the tracking unit, antenna and control panel. Antenna and power supply cables can be purchased by the crew for personal ownership. At the end of the rally or after retirement, the tracking unit or complete tracking system must be returned to the device administrator. Usually, the devices are collected in the last service area or before finish of the rally.

### Installation of the unit in the car

To fit the tracking unit with display, antenna and control panel, it is necessary for the competitor to follow exactly the Installation guide, to keep the unit in good condition and to protect it against damage and fouling (especially the connectors) during the time. All rally participants will receive a rental version of the set equipped with magnetic roof antenna. Control panel with OK button and SOS switch is in one box for which the competitor has to choose a suitable place for fitting within the reach of both crew members. It is obliged to prepare everything for its installation prior to the scrutineering.

### The unit operation during rally

To operate the unit, the crews have to meet all instructions as mentioned in the User's guide.

#### Operation during events on SS:

##### • Accident (crash detection)

The unit evaluates the situation and sends info about accident to rally control. Crew cannot affect this message. The display shows message: **Are you OK?** Confirm.  
10 s after this question, the siren wails for next 15 s  
If the crew pushes **OK** button, this information is sent to rally control and information about accident is not sent to the unit of following cars in the stage.

##### • Stop in SS

When the car stops in SS, it is counted as an obstacle. Unit signals to the crew by sound siren and text, that they have stopped. This signal takes 15 s.  
If the crew doesn't push OK, warning message is sent to the rally control and also to other cars, which are currently in the stage arriving to the obstacle.  
With pushing the OK button, the crew confirms that they are okay, on the display is shown message OK and information about obstacle is not sent to the unit of next cars in the stage.

##### • Request for help

Changing the switch is confirmed by SOS message on display, also the siren sounds.  
The siren sound can be cancelled by pushing OK button.

## Red flag

When the rally control hangs out the red flag, the display shows big message RED FLAG (with red background) and the siren sounds. Crew has obligation to confirm receiving the red flag by pushing the OK button and to reduce the speed according to the sporting regulations.

The siren sound can be cancelled by pushing OK button.

The red flag on display can be cancelled only by rally control.

## Speed checking during the reconnaissance

During reconnaissance the crew is obliged to follow traffic rules of Austria. Not respecting this rule, especially exceeding the speed limits, will be monitored via ONI® tracking system. This checking doesn't exclude other checks, i.e. police controls according to their standard procedures.

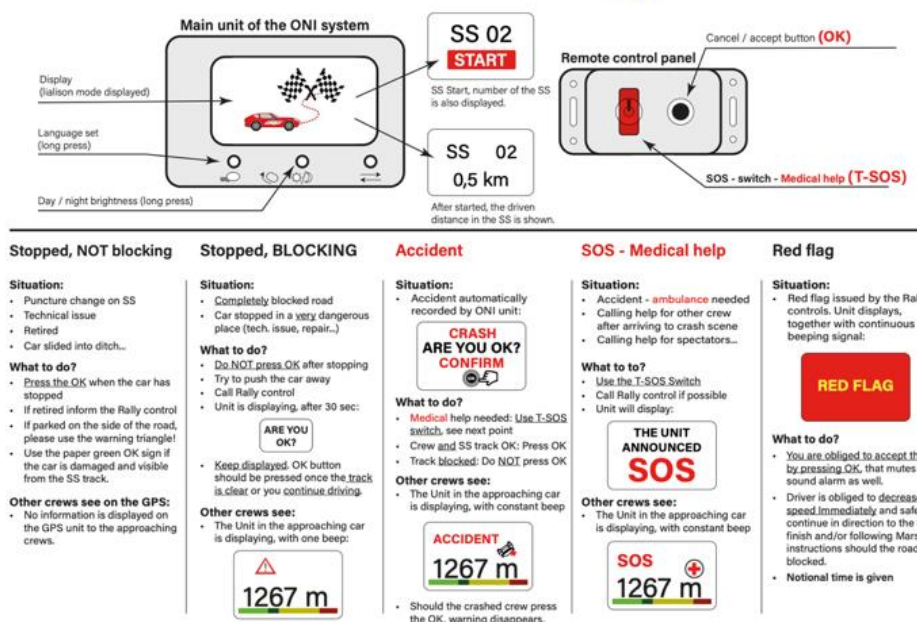

## ONI® tracking system for reconnaissance

Tracking system is checking the speed in every moment during the reconnaissance. Every crew will pick up the ONI® recce tracking unit together with roadbook. Installation of the unit and using during reconnaissance is obligatory for all crews during the whole schedule of reconnaissance according to the art. 3 Reconnaissance schedule. For speed checking during the reconnaissance, NCL 21 units are used.

NCL21 unit is started during roadbook issuing before starting of reconnaissance. For whole reconnaissance the unit is working on its own battery. It is not necessary to plug the unit to any power supply. It is possible to place the unit on metal surfaces - magnets are implemented in the unit. Not using the unit in a rally car during reconnaissance will be fined. Every attempt to falsify, manipulate or infringe the unit for reconnaissance or any device, which will make impossible to collect data because of external interference will be reported to the stewards who can penalize the crew up to refusing the start. Decision regarding seriousness of the offence and its repeating is in Clerk of the Course authority. For exceeding the speed limit, sanctions can be given according to supplementary regulations or championship regulations.

# IMPORTANT! Following preparation MUST BE DONE BEFORE THE CAR ENTERS TO SCRUTINEERING! If not done, car will be rejected to enter the scrutineering!

Example of Turbo sealing wire install (applies to J2 GrpN and GrpA turbo cars, also spare turbo).

Every main part (restrictor, housing and exhaust housing) must have two attachment points where the wire is installed (wire through two bolts OR bolt and housing OR two housing). Wire must be single piece and wrapped between every attachment point. See Appendix K Appendix XI item 2.1.3

## 5/ SEALING OF THE TURBOCOMPRESSOR

Example how to route the wire through two restrictor mounting bolts. Seal tag number shall be visible from upwards

Example how to route wire through housing and exhaust (base part + mounting bolt)

# TECH-INFO

13.-15. Juli 2023

## RALLYE WEIZ

Example how to route the wire for exhaust side (housing + mounting clamp)

Note, that after last wire mounting place there shall be free wire ends (min 150mm long) to make it possible to wrap first 20mm and then add seal+tag+seal, having 20mm between each.
